# ACTIVITIES

## STEM CHALLENGE

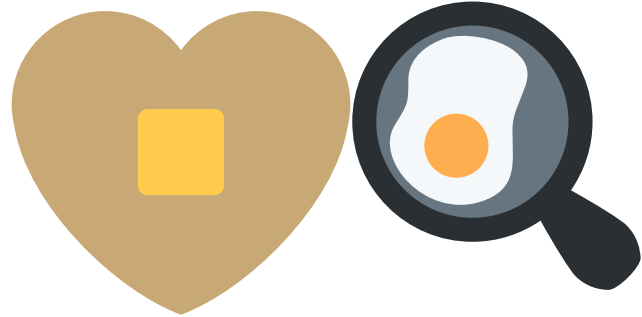

### EMOTION EXPERIMENT

We explored different feelings by drawing expressive faces on recycled paper rolls and brought them to life with a fun baking soda and vinegar reaction. A creative way to learn about emotions! 😊🥰🥳

# ACTIVITIES

## COOKERY

### KINDNESS PANCAKE

As a sweet gesture of kindness, we cooked delicious pancakes for our friends and added a touch of love by topping them with jam. Sharing these treats brought smiles and warmth to everyone's day!

# ACTIVITIES

## ARTS & CRAFTS

### CRAZY HAIR PAINTING

We begin by drawing a character using markers. Then, we apply watercolour along the edge of the forehead. Finally, we blow on the paint, making the hair spread in wild and fun directions.

# ACTIVITIES

## DOCUMENTARY SINKHOLES

Sinkholes are caused by collapsing ground over dissolved bedrock. We watched a documentary that talked about how experts find sinkholes and how we can stop them from happening.

# ACTIVITIES

## DONATION DRIVE CRAFT

We showcased our creativity through stunning artwork, which was sold to the public as part of our donation drive. This meaningful initiative allowed us to use our talents to make a positive impact, with all proceeds supporting a worthy cause. It was a wonderful opportunity to learn the value of giving back and making a difference in our community. 🎨❤️

We decorated our goodie bags and embark on a treasure hunt, finding puzzle pieces to assemble for sweet treats in this fun adventure!
